

The E-Class Cabriolet

Mercedes-Benz

Made to win the day.

In the lead, on the road as well. The new E-Class Cabriolet combines all the advantages of the Saloon model with the highlights of a sporty convertible. A puristic design with a focus on comfort and some sophisticated new features make your drive the sensuous highlight of the day.

Open to any challenge.

The all-season cabriolet combines maximum top-down comfort with the quiet of a saloon. The automatic fabric acoustic soft top offers a unique level of noise insulation and thereby ensures relaxation without compromise.

Every successful day starts here.

Take control of the day. The steering wheel of the new E-Class Cabriolet has been completely redesigned and simplified. The wide digital cockpit provides you with an unrivalled overview of your trip.

Knows how to handle headwind.

No need to miss the advantages of a convertible even in low temperatures. The AIRSCARF neck-level heating wraps warm air around your neck and nape like a protective scarf. In addition, the AIRCAP draught-stop system automatically routes the airflow over the interior.

A high-end advertisement for the Mercedes-Benz E-Class Cabriolet. The image is a wide shot showing the interior of the convertible car. The front seats are upholstered in dark leather with light-colored, quilted stitching. The dashboard and center console are visible, featuring a large digital display and various controls. A woman in a dark, elegant outfit stands by the open driver-side door, looking towards the camera. The background shows a modern building and a clear sky, suggesting a sophisticated urban environment.

Your entry to the business lounge.

Your personal wellness programme starts the moment you get in the new E-Class Cabriolet. ENERGIZING packages and ambient lighting offer you everything from a moment to take a deep breath to a short revitalising workout. All of it is supported by the exclusive Burmester® surround sound system.

MBUX.

Meet your personal assistant. The digital cockpit gives you access to all vehicle functions, information and even to the augmented reality mode for easy and intuitive navigation. Operate the new E-Class Cabriolet the way you prefer: via touchscreen, via voice command or via gesture control.

MBUX Augmented Reality Navigation.

To enable you to find your way in complex traffic situations, MBUX Augmented Reality Navigation connects the virtual world with the real world. The technology incorporates graphical navigation instructions and traffic information into live images. So you reach your destination quickly, safely and stress-free.

New MULTIBEAM LED headlamps.

The MULTIBEAM LED headlamps adapt to any driving situation. Thirty-six individually controlled LEDs mask out other road users and optimally illuminate every bend.

Light-alloy wheels in multi-spoke design.

Poise and assurance on the road. The modern rim designs give the new E-Class Cabriolet a pared-back, contemporary style.

Burmester® surround sound system.

Sound that speaks for itself. The Burmester® surround sound system combines high-performance loudspeakers and unique 3D acoustics into a legendary sound experience.

Ambient lighting.

Showcase the interior according to your personal preferences or current mood. The 64 colours of the ambient lighting create exciting colour schemes, which can alternate dynamically or illuminate several areas in different colours.

AVANTGARDE.

Individuality and sportiness as standard: the base version of your E-Class already comes with the attractive AVANTGARDE exterior. It clearly accentuates the dynamics and the elegance of your vehicle. The interplay of all design elements results in an expressive vehicle. The lowered suspension underscores this effect.

AMG Line.

Demonstrate that you care strongly about sportiness: with the discrete styling of the AMG Line, you show your focus on modern design and striking dynamics. The interplay of all elements conveys an expressive overall impression. Of particular note are the exclusive AMG light-alloy wheels and the signature AMG rear apron with diffuser.

Night package.

With the Night package, your sporty exterior looks even more expressive. Numerous elements sport a black or high-gloss black finish. Depending on the paintwork, this creates contrasts or flowing transitions. Whichever you choose: there are always clear benefits in terms of individuality.

ENERGIZING package.

Comfort for all the senses: this package combines special equipment features with innovative intelligence. Your Mercedes can revitalise you in a targeted manner – for prolonged attentiveness at the wheel and a pleasant journey. With up to five comfort programmes and extras such as seat heating for driver and front passenger.

A new generation gets off to a flying start.

A new engine generation makes the new E-Class Cabriolet sportier and more efficient at the same time.

Choose your style of driving.

Tailor the new E-Class Cabriolet precisely to your preferences: the versatile DYNAMIC BODY CONTROL suspension has three set-ups, ranging from maximum agility to superb ride comfort. The AIR BODY CONTROL air suspension system ensures comfortable motoring even on bumpy roads.

Made to win the night.

Every Mercedes-AMG is a masterpiece in its own right, with an unmistakable character. What unites our performance vehicles and sports cars is their irrepressible sporting spirit. Their passion for top performance. It is generated at the point where engineering skill meets a very special attitude: the spirit of AMG. We believe that you have to keep on challenging limits in order to achieve new goals. We accept nothing as a given. Because limits are imposed by people, and it's also people who can overcome them. It's this attitude that enables us to achieve outstanding performance for motor racing – and for the road.

Welcome to the world of AMG.
