

The GLS

Sport Utility Vehicle

Mercedes-Benz

The pinnacle of space and comfort
is only to be found in the new GLS.

The new GLS does full justice to the "S" in its name. Like no other car in the world, it combines the effortless agility of an SUV with the inner qualities of an S-Class. Climb aboard and discover exquisite luxury, tangible comfort and exemplary safety at an unprecedented level.

Climb aboard and revel
in modern luxury.

In the new GLS everything you see and touch adds up to a first-class experience. The fluid transitions, the stylish wood trim and the fully digital Widescreen Cockpit blend harmoniously into the superlative interior. As the first luxury-class Mercedes to feature the MBUX infotainment system, it also understands you better than ever before.

Maximum comfort.
And almost minimalist design.

The image shows the rear interior of a Mercedes-Benz GLS. It features three rows of seats upholstered in dark leather with perforated sections and white contrast stitching. The second row has four individual seats with headrests, and the third row has two larger seats. The view is from the passenger side looking towards the rear of the vehicle, with a window visible in the background showing a building and sky.

A rear compartment like none before.

The interior of the new GLS really is larger than life, with ample space for seven people. Each seat offers luxury-class comfort and an infotainment offering that even goes one better. The second row of seats is electrically adjustable and the third row is more comfortable than ever.

Thrilling and effortless handling, both on and off the road.

When the going gets tough, the new GLS always retains its poise and composure like no other in its class, with the fully active E-ACTIVE BODY CONTROL suspension. Both on and off the road. A new electrified engine and a comprehensive Off-Road Engineering Package are optionally available to add the definitive final touch to the car's unparalleled comfort.

Mercedes-Benz Intelligent Drive.

In the rush hour, during a long drive at night or on an unfamiliar route, your GLS noticeably takes the strain out of driving, particularly in stressful situations. It's all down to a concept that makes every journey in a Mercedes-Benz a safer and unique experience: Mercedes-Benz Intelligent Drive. Because the time you spend behind the wheel is your time. Time for relaxation. Time to replenish your energy. So that, first and foremost, you reach your destination safely, but are also more relaxed when you get there.

EQUIPMENT HIGHLIGHTS – DRIVING ASSISTANCE SYSTEMS

The **Driving Assistance Plus Package** offers maximum comfort and safety on the road to autonomous driving. As a supplement to the Driving Assistance Package you receive here Active Stop-and-Go Assist, which takes the strain off you on motorways. A further benefit of this package is PRE-SAFE® Impulse Side, which can provide additional protection in side-on collisions caused by other road users.

The innovative **PRE-SAFE® Sound** generates a noise from the speakers that can trigger a natural protective reflex. This can protect the inner ear by damping the accident noise.

Active Parking Assist with **360° camera** makes it easier to find a parking space and to manoeuvre into and out of parking spaces. The choice is yours: park with ease yourself with excellent all-round visibility or make things easy by getting the car to park for you.

Mercedes-Benz User Experience.

Infotainment to the highest GLS standard. The new Mercedes-Benz User Experience is designed to beguile. With your every look, every word and every touch.

EQUIPMENT HIGHLIGHTS – CONTROL AND DISPLAY CONVENIENCE

To enable you to find your way in complex traffic situations, MBUX Augmented Reality Navigation connects the virtual world with the real world. The technology incorporates graphical navigation instructions and traffic information into live images. So you reach your destination quickly, safely and stress-free.

It takes just two little words from you – “Hey Mercedes”, to activate the intelligent natural-speech **LINGUATRONIC voice control system**, which understands almost every word you speak and can even handle indirect language. The air conditioning will respond to “I feel cold” by setting a higher temperature, for example.

Enjoy the comfort of contact-free control with the **MBUX Interior Assistant**: this innovative system captures and interprets your hand and arm movements. This means you can activate selected functions in a matter of seconds. The system is able to differentiate between driver and front passenger – so that you reach precisely the menus you wish to use.

Fully digital Widescreen Cockpit.

With the Widescreen Cockpit, the instrument display and media display form a visual unit. The two fully digital colour displays are combined behind a shared glass cover and blend harmoniously into the interior design as a seamless surface. The media display comes in a free-standing variant for the first time – an elegant eye-catching feature.

Burmester® high-end 3D surround sound system.

26 speakers and a system output of 1610 watts make the Burmester® high-end 3D surround sound system a high-end experience that you can conduct like your own personal orchestra. The sound can be adapted by means of five presets and adjusted individually for each seat. In addition, a noise compensation system (VNC) adapts the sound dynamically to the given driving situation. The speakers sport an equally stylish design, demonstrating premium class even when not a sound is to be heard.

23-inch wheels.

Tailor-made to suit your individual taste: the new GLS offers wheels of up to 23 inches in size, plus a stylish selection of different rim designs and colour variants, to add that final distinguishing flourish to your car's appearance.

Panoramic sliding sunroof.

With the panoramic sliding sunroof you experience a thrilling feeling of freedom and enjoy a pleasantly light ambience in the interior. When viewed from the outside, too, the large sliding sunroof adds special appeal, lending lightness and exclusivity to the exterior.

Standard equipment and appointments.

A bold presence with high-end credentials: the exterior combines typical SUV features with a powerful, cutting-edge design. The generous proportions exude effortless superiority and safety. Chrome elements add elegant and stylish highlights. Aerodynamic optimisation measures deliver first-class figures in terms of efficiency and ensure pleasantly quiet driving acoustics.

Discover high-end elegance. High-quality materials, generous dimensions and intelligent details form the basis for a luxurious atmosphere and comfortable travel in up to seven seats. Standard on-board features include: multifunction sports steering wheel, Widescreen Cockpit, MBUX multimedia system and automatic climate control.

The EXCLUSIVE Interior design and equipment line.

The EXCLUSIVE Interior lends your vehicle a definitive finishing touch inside. Elegant details and stylish materials add individual highlights in keeping with your very own taste.

The AMG Line.

The expressive styling of the AMG Line lends your vehicle a thoroughly dynamic touch, distinguishing it clearly from the base model. As such you make a clear statement for powerful design.

9G-TRONIC.

Leave the gear-shifting work to your vehicle: you will barely notice the gear changes made by the 9G-TRONIC automatic transmission. Nine gears allow low engine speeds, thereby reducing your fuel consumption and ensuring quieter running.

When you select the Comfort and ECO drive programs via DYNAMIC SELECT, the 9G-TRONIC will shift smoothly and efficiently through the nine gears for the ultimate in driving comfort. The transmission also comes with sporty credentials: at the push of a button you can enjoy fast, sporty gear changes while nevertheless remaining in the ideal engine speed range for much of the time. Sport mode raises performance accordingly for even greater driving enjoyment.

E-ACTIVE BODY CONTROL.

A totally new active suspension is available for the new GLS in the guise of E-ACTIVE BODY CONTROL. This incorporates the camera-based surface recognition system ROAD SURFACE SCAN (only in conjunction with the Driving Assistance Package or Driving Assistance Plus Package) and the CURVE active curve inclination function, and is able to assess the driving situation, speed and load. Damping and level control are automatically adjusted for each wheel accordingly. For excellent ride comfort and outstanding stability – on and off the road alike.

Not an SUV. An AMG.

A Mercedes-AMG is a clear statement. One you can experience with all the senses. An experience you consciously choose to have. Whether it's design or output, form or function: every one of our vehicles expresses passion for perfection and performance in sound, style and joie de vivre. Driving a Mercedes-AMG is an expressive experience you want to repeat over and again. A perfect symbiosis of performance and style. With a Mercedes-AMG you are guaranteed to make a powerful impression with no compromises.

It is time for your AMG experience!
